## PROFESSIONAL SUMMARY

Aspiring Front-End Developer based in Dubai on a visit visa, ready for immediate deployment. Proficient in building responsive, component-driven user interfaces using HTML5, CSS3, JavaScript, Bootstrap, React.js, and Tailwind CSS. Adept at structuring clean, semantic code optimized for cross-device performance.

## TECHNICAL SKILLS

**Front-End Skills:** HTML5, CSS3, JavaScript (ES6+), Bootstrap, React.js, Tailwind CSS

**Tools & Tech:** Git, GitHub, VS Code, MS Office Suite, Responsive Web Design, DOM Manipulation

## KEY PROJECTS

### Hotel Management System Interface

*Front-End UI Project*

**Technologies:** HTML, CSS, JavaScript, Bootstrap

- Designed a comprehensive, responsive web application interface facilitating intuitive user room navigation and modern dashboards.
- Built interactive client-side forms to process real-time room search filters and clean input validation constraints.

### Library Management System

*Front-End UI Project*

**Technologies:** HTML, CSS, JavaScript, Bootstrap

- Engineered a functional web UI allowing seamless inventory lookup tracking, dynamic book item sorting, and interactive category searches.
- Leveraged standard grid structures and semantic utilities in Bootstrap to implement clean administrative dashboards.

### YouTube Homepage Clone

*UI Front-End Project*

**Technologies:** HTML5, CSS3, Responsive Layouts

- Developed a front-end clone of the core YouTube homepage interface focusing on precise navigation layout rendering and fluid viewport scaling.
- Implemented highly semantic markup structure adhering to modern styling standards for clean browser rendering.

## EDUCATION

### B.Sc. in Computer Science

*Jeppiaar Arts & Science College, Chennai, India*

**June 2022 – April 2025**

*Graduated*

### Higher Secondary Certificate (XII)

*Little Angels Matric Higher Secondary School, Chennai, India*

**June 2021 – May 2022**

*Completed*

## CERTIFICATIONS & ACHIEVEMENTS

- First Place Winner:** Awarded 1st place in the "Connexion" technical event organized by SMK Fomra Institute of Technology (2022).
- Certified Typist:** Successfully completed Technical Examinations in Typewriting for both Junior Grade and Senior Grade (45 words per minute).

## CORE COMPETENCIES & PERSONAL SKILLS

Public Speaking, Stage Presentation, Critical Thinking, Collaborative Teamwork, Time Management, Self-Confidence, and Detail-Oriented Execution.
